

II International Conference on Sustainable Energy Development

Call for papers

23th to 30th, June 2019

Dear colleague:

The Center for Energy and Environmental Technology Assessments (CEETA) is pleased to invite you to the II International Conference on Sustainable Energy Development in the framework of the International Scientific Convention UCLV-2019, to be held at Santa Maria key resort, Cuba, from June 23th to 30th, 2019.

Meeting Cuban scientists and businessmen ...

The ideal space for discovering cooperation opportunities, based on the overall goal of filling the gap between scientists, industry and decision makers.

II International Conference on Sustainable Energy Development

In the framework of the International Scientific Convention UCLV-2019

TOPICS

- ✓ Advanced energy system, exergy, thermo-economic and thermo-ecological analysis.
- ✓ Heat and mass transfer.
- ✓ Life cycle analysis and sustainability of energy systems.
- ✓ Renewable energy technologies: biomass, wind, hydropower, photovoltaic, concentrated solar power (CSP), marine and geothermal energy.
- ✓ Environmental impact of energy technologies.
- ✓ Clean and efficient refrigeration and air conditioning.
- ✓ Energy planning and policy.
- ✓ Energy management.

LOGISTIC ARRANGEMENTS
